This matter comes before the Public Service Commission of South Carolina ("the Commission") on the request of New Millennium ConQuest Service Corporation ("New Millennium") to Withdraw its Application for a certificate of public convenience and necessity to provide interexchange telecommunications services within the State of South Carolina and to transfer certain assets of ConQuest Operator Services Corporation. By letter dated October 27, 1999, New Millennium informed the Commission that the assets of ConQuest Operator Services Corporation were being sold to another company and requested that the instant application be withdrawn from Commission consideration. New Millennium also informed the Commission that an application for authority and to transfer the assets was being prepared for the new buyer of the assets.

Upon consideration of this matter, the Commission is of the opinion, and so finds, that the relief requested should be granted.
